

PIE INSURANCE

Safety first, then Pie Insurance

Pie is leveraging technology to transform how small businesses buy and experience commercial insurance, with the goal of making it affordable and as easy as pie.

Our intense focus on granular, sophisticated pricing, and data-driven customer segmentation enables us to match price with risk accurately across a broad spectrum of small business types, which allows us to offer more affordable insurance to small business owners.

Why Pie for you and your clients?

Simple online experience

Easily get a workers' comp quote in 3 minutes.

Savings of up to 30%

We recently lowered our workers' comp rates nationally by, on average, more than 8% on new submissions.

Dedicated support from experts

Get personalized service quickly from our team of underwriters and partner support agents.

Broad risk appetite

We cover class codes representing 88% of the small business market so there's no need to waste time shopping for a quote.

Automatic bind or decline decisions

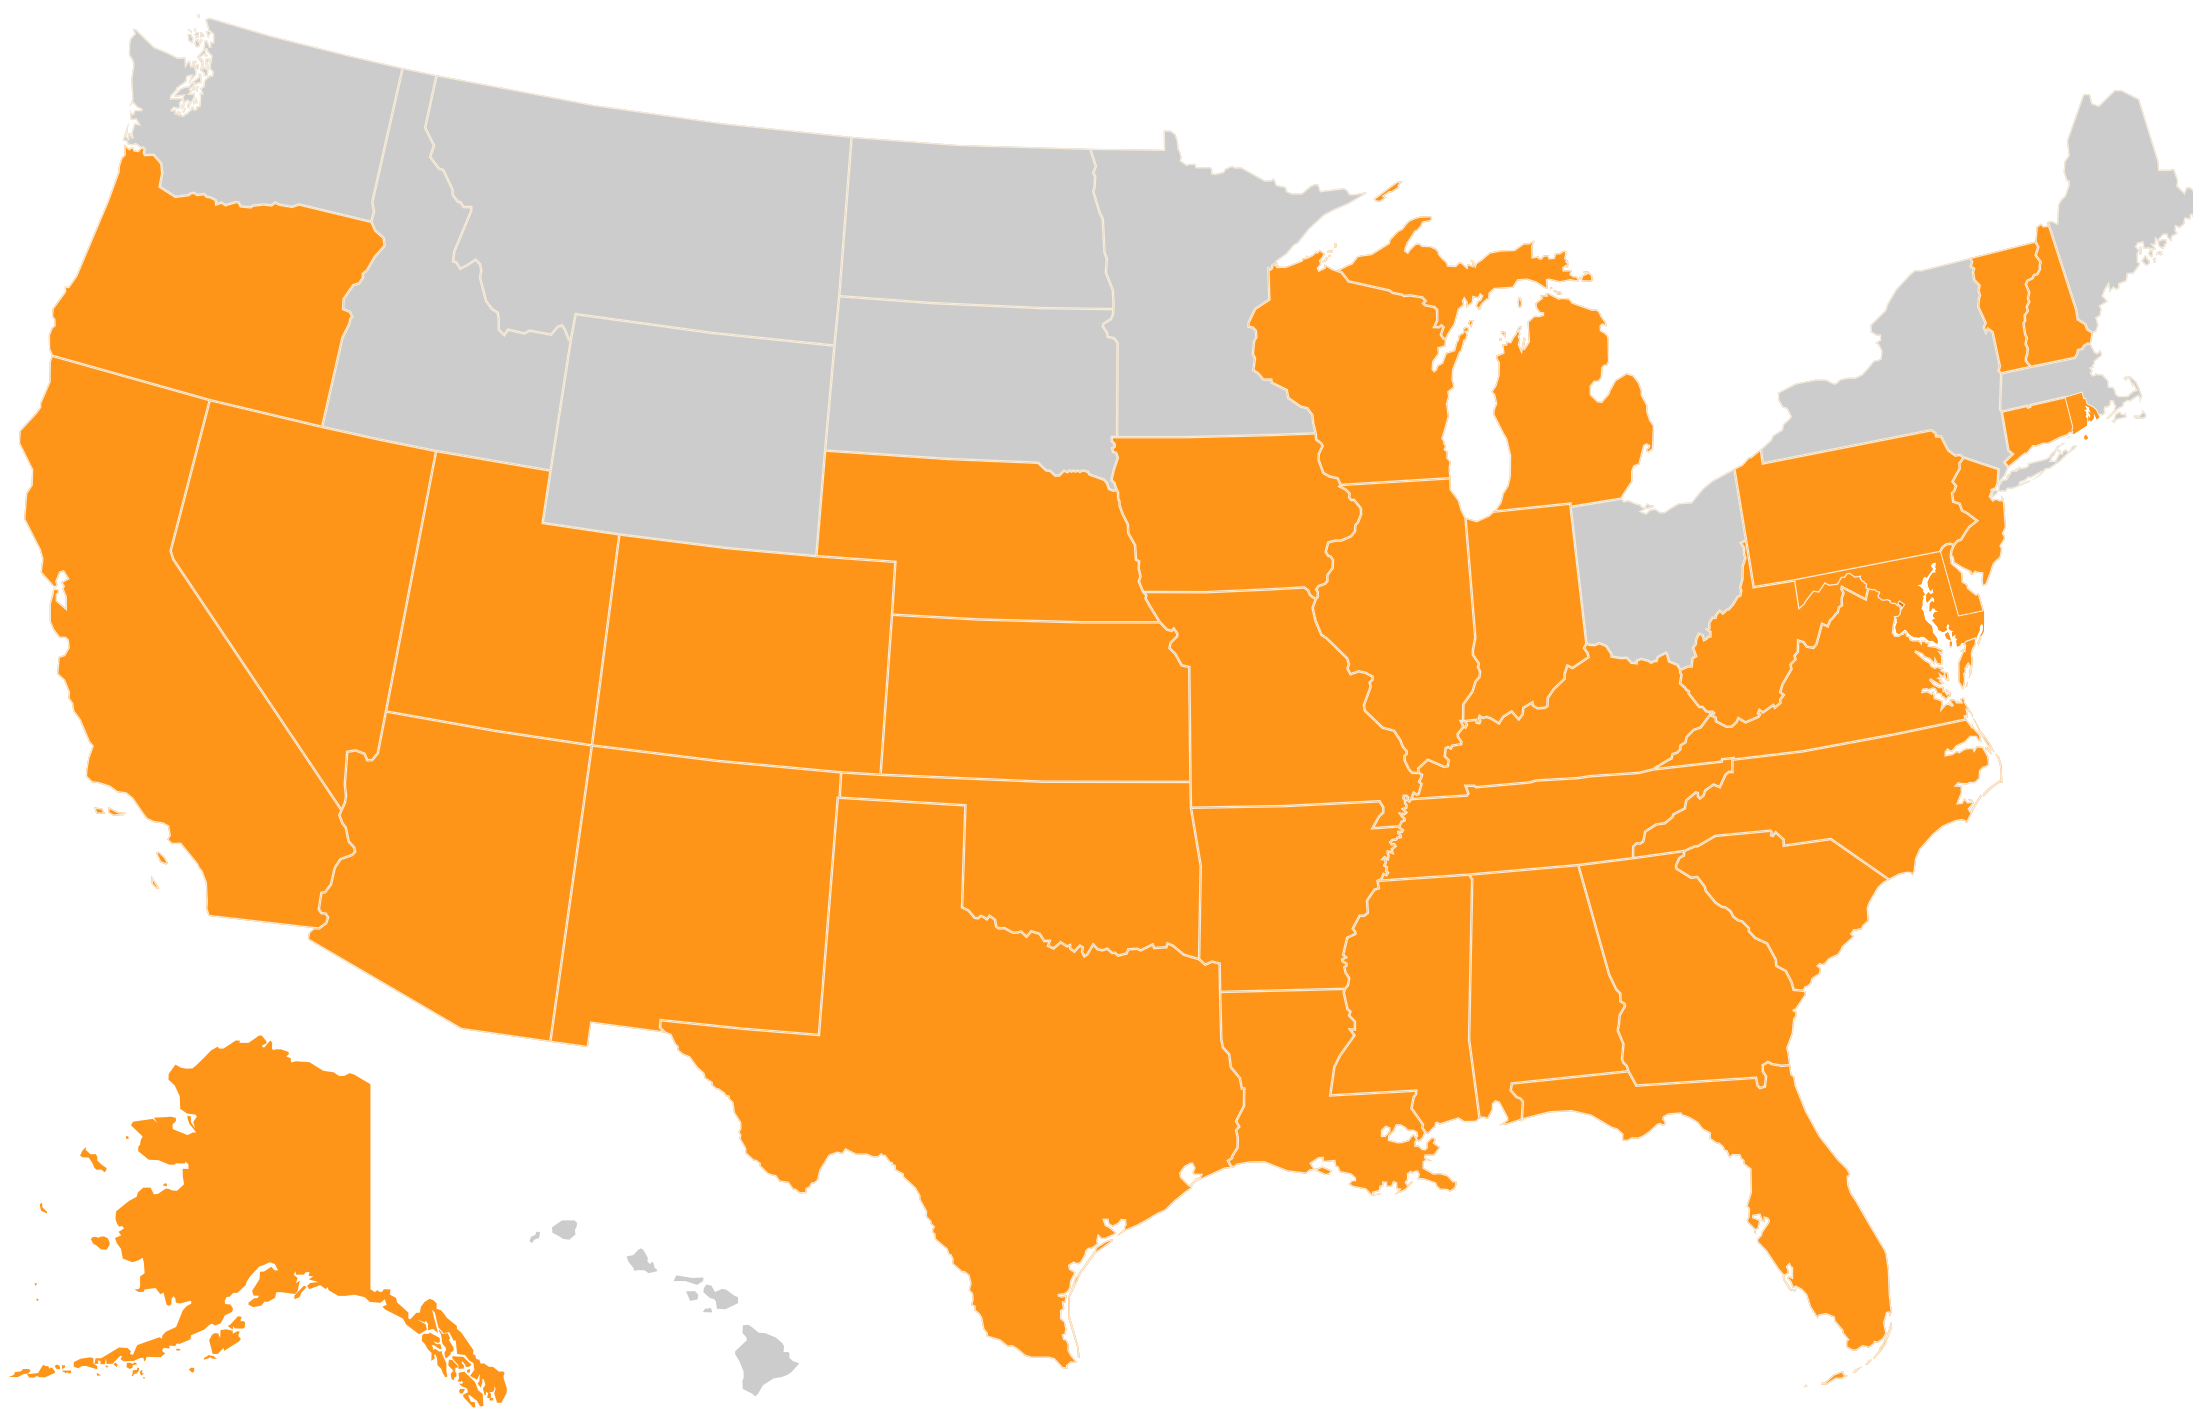

We auto-decide almost 73% of workers' comp submissions and by writing on multiple papers you can expect fewer declinations and more quotes.
